

NCNR Users Group (NUG) Executive Committee Activities in 2015-2016

The NUG executive committee convenes 4-5 times per year in a series of conference calls. The following activities were undertaken by the committee in 2015-2016:

- Drafted letters to congress regarding the 2016 budget, and contacted the NUG community to request individuals to contact their representatives
- Designed and administered the 2015 NCNR user survey
- Worked with the NCNR to analyze the 2015 user survey results, and identify action items for the NCNR to undertake in response to the survey results
- Participated in a phone discussion with the review panel of the Center For High Resolution Neutron Scattering (CHRNS) at the NCNR
- Presented NUG executive committee activities and the user survey results at the June 2016 American Conference on Neutron Scattering
- Conducted biannual executive committee elections for the 2017-2020 term
